It is based on Ramayan, an epic Hindu-sacred text of the 3rd century AD. The idea for the film came to Japanese director Yugo Sako when he worked on the documentary The Ramayana Relics in 1983. It is said that for the implementation of the project 10 different versions of Ramayana were read, in Japanese and that eventually decided to animate, and not for real characters. The film tells the fantastic story of Rama, a young prince who was banished into the woods by his mother-in-law. He is helped by his wife Sita and brother Lakshman. When the mighty demon King Ravana kidnaps Sita, Rama is overcome by grief, but remains strong and fights the demons of the warriors to control his pain and protect himself. The works included 450 Japanese artists who combined anime paintings with classic Indian painting. The latest film, which was presented in Japanese, Hindi and English, cost nearly \$13 million. The story is quite true to the original, but has been simplified to facilitate its access to an international audience, and its creators have taken special care not to harm sensitivity. Despite this, some Hindu extremist groups have shown rejection of the film for being mostly in Japan, and because in those years animation in India was still considered a children's genre. Ramayana It was presented at the Lucca Animation Film Festival in Italy in 2000, at the Cardiff Animation Film Festival in the UK and won the award for Best Animated Film of the Year at the Santa Clarita International Film Festival in 2000 in the United States. It contains the voices of such important actors as Rahul Bose and now MP Shatrughan Sinha (Sonakshi's father), while the songs were by award-winning Kavita Krishnamurthy and Udit Narayan. The video is available in Spanish on the Youtube channel Subalás Room and in the original Hindi, with Spanish subtitles, to watch online and download on Zoowoman.
